

## Application Note: AN10005

# A buffered receiver

This application note is a short how-to on programming/using the xTIMEcomposer tools. It shows a buffered receiver.

---

### Required tools and libraries

This application note is based on the following components:

- xTIMEcomposer Tools - Version 14.0.0

### Required hardware

Programming how-tos are generally not specific to any particular hardware and can usually run on all Xmos devices. See the contents of the note for full details.
